Netherlands Enterprise Agency

Geert Boode, 1 July 2025

Introducing the Netherlands Enterprise Agency

- › Part of Ministry of Economic Affairs
- › Public service provider for government organisations
- › Pivotal position between entrepreneurs, partners and clients
- › Human dimension within a practicable range of facilities and instruments
- › Diverse and inclusive organisation

Contribute to sustainable prosperity

As the Netherlands Enterprise Agency, we support entrepreneurs and organisations in enhancing their sustainability and future-proofing their operations. To do this, we carry out projects that contribute to three transitions.

Climate and
energy transition

Transition to
sustainable
agriculture and
food system

Transition to a
future-proof and
digital economy

We do this for entrepreneurs and organisations, in collaboration with our partners and our clients.
